**1 PriMa European-Rail Markets at a glance**

**Backgrounds, reportages, analyses**

European-Rail Markets, previously known as European Edition of Privatbahn Magazin, is the modern business magazine of the railway industry on the way to the logistics-era.

Apart from the presentation of innovative companies from the fields of industry, logistics and transportation European-Rail Markets extensively reports on the developments of the carrier railway'. Regular interviews with decision makers, news on the latest trends in the fields of research, technology, economy, transportation policies and logistics as well as excurses concerning the history of railway transportation are all aimed towards experienced readers as well as interested laities.

**Target audience**

**The European-Rail Markets aims to address:**

- the European industry of privately owned railways as well as its clients and business partners
- the transportation policy at both European and regional levels
- the railway supply industry
- universities and research establishments
- interest groups and associations
- all interested readers, who can get excited about the fascinating world of railway transportation
